

# Hemiplegia training for schools: what you see is not what you get

**This service provides teachers and other educational staff with the necessary understanding and tools to support pupils with hemiplegia**

- ✓ Increases the potential for learning and personal development of children with hemiplegia
- ✓ Improves the communication between families and schools
- ✓ Creates general awareness of hemiplegia

## The training covers:

- 1 What is hemiplegia and how it affects children
- 2 Comprehensive description about unseen difficulties and how they can affect children's performance at school
- 3 Useful tips and ideas for teachers and other support staff to overcome these difficulties

Available in England, Wales and Scotland

Price: £100 - £200 per session + travel expenses

Visitors are qualified professionals with personal experience about hemiplegia
